

### **empowerment evaluation knowledge and pdf**

The term empowerment refers to measures designed to increase the degree of autonomy and self-determination in people and in communities in order to enable them to represent their interests in a responsible and self-determined way, acting on their own authority. It is the process of becoming stronger and more confident, especially in controlling one's life and claiming one's rights.

Youth empowerment is a process where children and young people are encouraged to take charge of their lives. They do this by addressing their situation and then take action in order to improve their access to resources and transform their consciousness through their beliefs, values, and attitudes. Youth empowerment aims to improve quality of life.

Facts and Figures: Economic Empowerment Benefits of economic empowerment. When more women work, economies grow. An increase in female labour force participationâ€™or a reduction in the gap between womenâ€™s and menâ€™s labour force participationâ€™results in faster economic growth .; Evidence from a range of countries shows that increasing the share of household income controlled by women ...

Economic empowerment is, to be sure, a crucial aspect of any significant push to make women full and equal participants in their communities. Strengthening the economic role of women is also critical to reducing poverty, improving health and education outcomes, and achieving other broad development goals. 4 And the programs created by corporations in recent years to support this kind of ...
