Data protection in the EU Data protection in the EU. The General Data Protection Regulation (GDPR), the Data Protection Law Enforcement Directive and other rules concerning the protection of personal data

Data protection | European Commission

The ability to control the information one reveals about oneself over the internet, and who can access that information, has become a growing concern.

Information privacy - Wikipedia

In the 21st century, we share and store our most sensitive personal information on phones, computers and even in "the cloud." Today more than ever, a strong privacy program, which includes data security, is essential to the safety and welfare of the people of California and to our economy.
