Formative assessment, including diagnostic testing, is a range of formal and informal assessment procedures conducted by teachers during the learning process in order to modify teaching and learning activities to improve student attainment. It typically involves qualitative feedback (rather than scores) for both student and teacher that focuses on the details of content and performance.

New The protester challenges the agency's consideration of negative past performance information regarding one of 360 ITIS's proposed subcontractors, [DELETED]. The protester argues that the agency unreasonably penalized 360 ITIS on the basis of that past performance, despite the fact that 360 ITIS limited the subcontractor's proposed role in its quotation.
