The grammar of the Polish language is characterized by a high degree of inflection, and has relatively free word order, although the dominant arrangement is subjectâ€“verbâ€“object (SVO). There are no articles, and there is frequent dropping of subject pronouns. Distinctive features include the different treatment of masculine personal nouns in the plural, and the complex grammar of numerals ...

This new-comer was a man who in any company would have seemed striking. [â€™] Indeed, all his features were in large mold, like the man himself, as though he had come from a day when skin garments made the proper garb of men. (heading) Possessed, related.() Used to designate a particular person, place, or thing Proper nouns are usually written with an initial capital letter.
